### How to find us

Approaching from Leeds, you will enter the map at the bottom left square on the A61; approaching from York, Wetherby or Knaresborough, you will enter the map at the upper right on the A6040. In either case, take the A61 (West Park); turn right onto Victoria Avenue; go straight across Station Parade at the traffic lights and we are on the next roundabout (see arrow on map).

Approaching from Skipton (A59) or Ripon (A61), proceed along the A61 until you come to the traffic lights at the bottom of Parliament Street (just off the map on the border of the upper and middle left squares). Instead of proceeding along Parliament Street (which is one way) you must turn left and then immediately right, following the road round onto Station Parade. At the second set of traffic lights after you have passed the railway station, turn left onto Victoria Avenue and we are on the next roundabout (see arrow on map).

### **Parking**

South Park Road, Queens Parade, East Park Road and some of the smaller back roads are disk parking zones where you can park for 2-3 hours free (if you do not have a Harrogate parking disk, leave a note on your dash board of your arrival time).

Our section of Victoria Avenue and parts of North Park Road are unrestricted but you will be very lucky to find a place between about 8:00 a.m. and 4:30 p.m.

Other areas are machine controlled pay and display parking, costing about 20p per quarter hour.
